

Distribución t  
Valores de t tales que la probabilidad sea menor o igual a la especificada (1)

Grados de libertad v	Probabilidad a la derecha del valor dado en la tabla									
	0.40	0.30	0.20	0.15	0.10	0.075	0.05	0.025	0.01	0.005

(1) Valores calculados usando la función DISTR.T.INV() del Excel.  
La probabilidad corresponde al área a la derecha del valor dado en la tabla.
